38.0 ANNOUNCEMENTS

- 38.1 Agencies may request that REDCOM make non-emergency official agency announcements over the REDCOM frequency. Examples would include training, drill or meeting announcements.
- 38.2 Such announcements shall be made only as time permits between emergency activity and shall not interfere with emergency responses or other emergency activity.
- 38.3 Requests for non-emergency announcements shall only be accepted from an appropriate fire officer of the agency making the request. Announcements must be brief.
- 38.4 Announcements shall be preceded by manual activation of the pager alert tones for the pertinent agency or unit, followed by the verbal announcement.
